

**LETTER FOR SPONSORSHIP OF
THE 2023 INTERNATIONAL CONFERENCE ON ADVANCED
TECHNOLOGIES FOR COMMUNICATIONS (ATC 2023)**

To:.....

The International Conference on Advanced Technologies for Communications (ATC) is an annual scientific conference specializing in electronics, communications, information technology and other related fields. The conference creates opportunities to exchange, introduce research results, transfer technology and introduce products of domestic and foreign enterprises operating in these fields. The first conference was held in 2008, and it annually attracts more than 200 reports, and about 150 scientists from different countries around the world.

The ATC is organized in combination of universities, socio-professional organizations, corporations and enterprises in the fields of electronics, communications, and information technology. This year, **Vietnam - Korea University of Information and Communication Technology (VKU)**, a university specializing in the field of ICT in the Central - Central Highlands, cooperates with the **Radio and Electronics Association of Vietnam (REV)** under the technical sponsor of the **IEEE Communications Society (IEEE ComSoc)**, for hosting ATC 2023, with details as follows:

- Date: October 19th - 21st, 2023.
- Location: Da Nang City.

As the host for ATC 2023, Vietnam - Korea University of Information Technology and Information Technology, the University of Danang would like to invite you to **join as authors or speakers, sponsor and support the Conference**. It is a fabulous opportunity for you not only to promote your company, brand, and products to scientific community of the world, but also to get knowledge on the cutting-edge technologies in the fields of electronics, communications, and IT as well as to cooperate with leading experts and partners in the world for developing those technologies. Please refer to the sponsorship terms of references for your corresponding benefits attached to this letter.
